

Jojo's Bizarre Adventures: Stardust Crusaders Tarot Deck

This deck contains:

- 1) 22 Major Arcana Classic Cards from the original Show
- 2) 9 Egyptian Gods Cards from the original Show
- 3) 22 Major Arcana Alter Art Cards

You can use these cards for your tarot readings. The Cards from the original show were inspired by Tarot Rider-Waite, as you will see, the images are similar.

How to read:

First, you need to know the Tarot Rider-Waite reading system, just the Major Arcana, as Jojo's Tarot Deck doesn't contain the Minor Arcana. In order to learn this system, you should study each Major Arcana from the original Rider-Waite deck.

Second, you need to watch Jojo's Bizarre Adventure Show. It's recommended that you know the story from the begin.

Watch the following seasons:

- 1) Phantom Blood,
- 2) Battle Tendency
- 3) Stardust Crusaders (most important of all)

On Stardust Crusaders study each character (main or villain) that has a "Stand" Power. Each Stand is connected to a Major Tarot Card or to an Egyptian God. You must study each Stand user (the character), like the personality, behavioral patterns, believes, values and personality. Study his/her Stand (the power) as well, what the power does.

Third, the Major Alter Art Cards contain the image of the actual Stand of each card. These cards are harder to read, as the art is different from classical tarot cards. You must focus your study on the Stand Powers as they are pictured on the cards.

What is a Stand? Stands can be explained as personifications of energy that each body possesses. This energy varies from person to person. The abilities accessed by one can be used and spotted in a visual form.
