How to Work with the *Magical Messages* from the *Fairies Oracle Cards*

Fairies are everywhere! They're in your garden, at the park, with your pet, and wherever flowers grow. Because the fairies are so close to Earth, they offer practical guidance and help with everyday issues such as relationships, health, finances, and such. Fairies know how to work the planet's energies in safe, loving, and *magical* ways!

However, these ethereal beings are sometimes misunderstood. Although they're loving, benevolent creations of God, the fairies do have egos (just like humans); and as a result, fairies and humans can be judgmental. But unlike humans, the fairies' judgments are clear-cut: They help people who are kind to the environment and animals, and they withhold aid and communication from those who mistreat the planet or its inhabitants.

The fairies don't expect you to be perfect at recycling or environmentalism—they just want you to try your best. If you do, the fairies will do anything to help you. And their assistance is reliable, safe, and very magical!

This deck of oracle cards will help you hear the fairies' messages and awaken a closer connection with these beautiful nature angels. This deck is designed for beginners as well as experienced oracle-card users.

How to Use Your Oracle Cards

Oracle cards are an ancient, time-honored way to connect with angels and spirit guides. They're based upon Pythagorean numerology, which states that all numbers and images vibrate in mathematically precise ways.

You can't make a mistake with these oracle cards because they operate with the infallible Law of Attraction. This means that your questions (or those of the individual you're reading for) always attract the perfect cards as their answers. That is, you'll always pull the card whose answer matches the vibration of the question.

Here are the steps to give an oracle-card reading to others (or yourself):

Step 1: Clear Your Card Deck

Since your cards are sensitive instruments, they need to be cleared of any energy they may have absorbed from the manufacturing process. Steps 1 and 2 only need repeating after another person touches your cards or if your readings lack clarity

because the cards are clogged with too much energy.

To clear your cards, first hold the deck in your nondominant hand (the hand you normally don't write with), as this is the hand that *receives* energy. Form a fist with your other hand (this is the one that *sends* energy), and knock on the cards once with your fist. This clears out the old energy so that the cards are now a blank slate and ready to be imbued with your own vibration.

Step 2: Consecrate the Cards

Touch each card briefly to infuse them with your personal energy. You can touch just one corner of each card to accomplish this. Then fan the cards out with the artwork facing you. Hold the fanned cards to your heart and think about any prayers or intentions that you'd like to infuse the cards with. For instance, you can say the following silently or aloud:

"I ask that all of my readings with these cards be accurate and specific, and bring blessings to everyone involved. Please help me stay centered in my higher self so that I may clearly hear, see, feel, and know the Divine messages that wish to come through these readings."

Ask and pray for whatever help you'd like during your readings, such as confidence, clarity, compassion, and so forth. Your cards now carry your personal vibration and intentions.

Step 3: Ask a Question

Think of a question you'd like the answer to. If you're giving a reading for someone, ask him or her to either think of or verbalize a question. The fairies hear our thoughts, so we needn't voice our queries aloud.

Step 4: Shuffle the Cards

Think of the question as you shuffle the cards, and ask the fairies to help you with answers and guidance. If one or more cards “jumps” out of the deck while you’re shuffling, place them to the side. They’ll be part of your reading.

As you’re shuffling, you’ll likely notice feelings, thoughts, words, or visions. These divine messages will help you further understand the cards you draw, so pay attention to these impressions as they come to you.

When your cards begin to clump into two or more distinct sections, it’s time to stop shuffling. You also may receive a feeling, thought, or vision to cease—or you may even hear the words “Stop shuffling now.” Trust and honor these divine messages that are helping you with the reading. You can’t make a mistake and stop shuffling too soon or early, as the Law of Attraction ensures that you’ll always choose the correct cards.

Step 5: Choose a Card

Pull the top card from the deck. This is the answer to your question. As you read the words on the card, notice any thoughts, words, feelings, or visions that come to you, as these are additional messages from the fairies that personalize the card's particular meaning for you. The picture also holds significance, so be sure to study its details.

Three-Card Spread

After completing Steps 3 and 4 above, pick three cards from the top of the deck. With the pictures and words facing up, lay the first card to your left, the second one in the middle, and the third to the right.

The card to your left speaks about the immediate past in relation to the situation you inquired about. The middle card reveals your question's current status and what you need to know or work on right now. And the card to the right shows your immediate future if you continue on your present path and follow the guidance in the middle card.

Again, remember that you can improve your future by holding a positive outlook and following your inner guidance.

Multiple Card Decks

You can use the *Magical Messages from the Fairies Oracle Cards* with other card decks to have increased details in your readings. Simply complete Steps 3, 4, and 5 for each deck. Then look for the common theme among the cards that you've chosen as the answer to your question.

The next section of this booklet gives additional meanings for each card. Remember that you can change the outcome of any situation through prayer, visualization, and positive affirmations. The fairies can help alter your future for the better if you'll ask and be open to receiving their assistance.

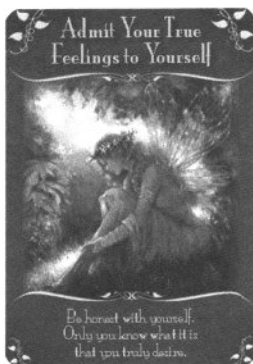

The Meanings of the Cards

This guidebook lists the general meanings for every card in the *Magical Messages from the Fairies Oracle Cards* deck.

The card names are listed alphabetically, according to the first word on each card. Find the page and read the general interpretation and symbolism behind each entry. Your intuition will give you additional personalized guidance, so as you read, simultaneously pay attention to your feelings and thoughts.

Admit Your True Feelings to Yourself

*Be honest with yourself. Only you know
what it is that you truly desire.*

This card indicates that you've been concealing something from yourself. What is it? Your emotions are true and accurate, and they're trying to get your attention. Right now, admit your deepest feelings to yourself. Know that it's safe for you to

engage in this self-honesty. Your genuine feelings form the compass that points you in the best direction and guides you to the answers you seek. Trust that any changes you make will come about in harmonious ways. You'll be glad that you admitted your true feelings to yourself!

Additional meanings for this card:

Allow other people to get to know the real you • Retain your integrity by following the path that you know is right for you • Be yourself • Face your fears head-on

Affirmations

*To lift up your thoughts and energy,
and to attract what you desire, use
positive affirmations.*

You drew this card because there's something you desire right now (you already know what this is). To increase the speed of your manifestation, it's important to lift up your thoughts, feelings, and beliefs to a higher level. Positive affirmations can

increase your self-confidence and faith, which are two essential and magical ingredients in manifestation. This card is a message for you to say or read positive affirmations; and to boost your faith, optimism, and effectiveness in bringing about your desired results.

Additional meanings for this card:

Begin each day with something beneficial, such as praying, meditating, or reading from an uplifting book • As you stay positive, everything in your life becomes more positive • The outcome of the situation you're asking about is dependent upon your optimism • Watch the words that you say and write to ensure that they're positive and aligned with your desires

Ask for What You Want

*Let the Universe and other people
know what you need.*

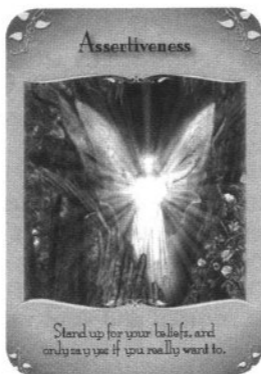

This card serves as a reminder of the importance of asking for your desires. The Universe is much like a restaurant, in that you need to put in your order before anything can happen. Your current situation calls for action on your part. First, spend time clarifying your desires; then tell the

Universe clearly what you want. You can always qualify your request with the prayer, *"This, or something better . . ."* so that you don't unwittingly limit yourself. However, you do need to make a clear decision about your desires.

Additional meanings for this card:

Be honest with the people in your life • Tell the Universe what you want • Write a list of your desires • Have a heart-to-heart talk with someone you're in a relationship with about your needs, boundaries, and expectations • Ask others to help you, and accept that aid when it's offered • Expect a positive outcome, and your expectations will be rewarded

Assertiveness

*Stand up for your beliefs, and only
say yes if you really want to.*

One reason why the fairies are so happy is because they're assertive with each other. This trait is very different from aggression, which denies the rights of others. Assertiveness, in contrast, honors everyone's rights (including your own). Assertive people are easy to get along with

because you always know where you stand with them. Your current situation calls for you to be assertive: Speak your truth with love; and let go of unhealthy, old communication habits.

Additional meanings for this card:

Read books or take a class on assertiveness •
Don't do anything out of guilt or obligation
• Be a good role model for others by practicing this trait • Say no to this request
• Be true to yourself and your values

Autumn

*In the fall season, everything comes
together and you reap wonderful
harvests of abundance.*

The answer to your question will be fully reaped in the autumn. Just like a garden patch, you'll experience blessings along the way. Keep tending to your manifestation by maintaining positive thoughts, affirming, praying, and taking guided action. The

fruits of this work will be ready as the leaves start to turn and the air starts to chill for the fall season.

Additional meanings for this card:
Return to school • A project is nearing completion • Visit or move to a location where the leaves turn bright colors in the fall • Grow a vegetable or herb garden

Be Yourself

*This situation calls for you
to be your authentic self, which is
the basis for your personal power.*

You're most powerful and effective when you're genuine and authentic with yourself and others. If you pretend to feel, act, or be something other than yourself, you lose awareness of your feelings, which are a source of important guidance.

The answer to the question you're asking is "Be yourself." Behave, speak, and even dress as you normally would; and don't worry about what others think. By being your true self, you give others the opportunity to love the real you.

Additional meanings for this card:
Trust your feelings • A relationship improves when you let down your guard • Instead of copying others, follow your own internal guidance • Know that you're lovable, for you are! • Emphasize your personal style at work, as a key to business success • Trust and follow through on your ideas • Fully express yourself through an artistic or creative endeavor

Birthday

*A significant birthday holds
the answer to your question.*

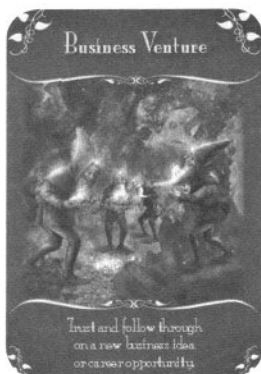

You drew this card because your birthday, or the birth date of a significant person in your life, is pivotal to answering your question. Perhaps you'll meet someone special at a birthday party, or a departed loved one in heaven is celebrating your birthday or their own. This card could also

signify that the event you desire will occur by your next birthday. Trust your first thought or feelings as to the specific meaning of this card for you, as it's a powerful message.

Additional meanings for this card:

News of a pregnancy is coming • Heaven is helping someone who had a recent birthday or whose birthday is imminent • You'll receive a special gift soon • Give yourself the present that you desire • You'll encounter a positive sign about an upcoming birth • Expect the birth of a new business or project

Business Venture

Trust and follow through on a new business idea or career opportunity.

You've been seeking a career change, and you desire self-employment. This card signifies that your recent business ideas are valid and that you can trust your intuition with respect to your career. You'll soon receive an offer for a new job, promotion, or other career opportunity. Take the time

to meditate upon your true professional desires, as several options are becoming available to you.

Additional meanings for this card:
Your new business will be successful • Take action in the direction of your career dream • Write down and act upon your ideas for a new business • Trust your gut feelings about your profession • A positive career change is in the works for you • Your current business is experiencing a healthy transition

Children

*Your connection with children is
part of your life's purpose.*

The fairies love and trust children because of their pure faith and guileless motives. This card comes to you as a sign of your connection to them. As you read the additional meanings behind this card, notice which message clicks as your truth. Pay attention to signs and intuitive feelings

related to the topic of children, for the Universe is trying to get the message to you.

Additional meanings for this card:
Your life purpose involves working with children • The energy of pregnancy surrounds you • A child in Heaven is sending a message of love • You have a connection to Indigo, Crystal, or Rainbow children • Your inner child needs to play

Connect with Nature

*You're rejuvenated and inspired
by spending time outdoors.*

This card comes to you because your body and soul are craving fresh air, trees, flowers, butterflies, birds, sunshine, and animals. The message is clear: Go outside! The answers to your questions are outdoors in nature where you can easily think and receive creative ideas. Even a brief

stroll during your lunch hour will yield tremendous benefits.

Additional meanings for this card:
Plant a flower garden • Adopt a new pet • Your children need to spend time outdoors • Go camping or hiking • Visit a rural or eco-friendly retreat center • Switch to a career where you can work outdoors, or with plants or animals • Trust the messages you receive when you spend time in nature • You have a natural gift for communicating with animals • Bring nature indoors with potted plants, a fountain, and crystals • You need sunshine or full-spectrum lighting to elevate your mood and emotions • Eat more naturally, taking in fewer processed foods or beverages

Daughter

*The answer to your question
involves your daughter.*

This card signifies that a female who's younger than yourself—most likely your daughter—is pivotal in the answer to your question. She is very intuitive and knows how to help you, no matter how young she is.

Spend extra time with your daughter to strengthen your bond, and open your

heart to the profound love between parent and child. As your relationship with your daughter fills your heart, your entire life benefits.

Additional meanings for this card: A person who's like a daughter to you needs your attention right now • An unborn baby girl's soul is sending love to you • A female child in Heaven is with you like an angel • Focus upon healing a parent-daughter relationship • Allow your inner child to play and enjoy him- or herself! • Give any worry about your daughter to Heaven, who's watching over her • You'll receive a message from your parents (if you are female)

spending. As you follow these leads, your financial situation rapidly improves.

Additional meanings for this card:
Make a clear-cut decision to be debt free and the Universe will deliver • Cut up your credit cards • Question each expenditure to see if it's really necessary, or just an impulsive purchase • Know that you deserve to be, and can be, debt free • Resolve to initiate new spending habits—pay cash for everything, and if you don't have the cash, don't buy it • Tithe 10 percent of your income • You'll receive a financial windfall • Affirm often that God is the true Source of your supply

Debt Paid Off

*The old weight and habit of debt is
lifted from you and your life.*

This card signals an impressive shift in your financial situation. You've made the clear decision to be free of old debts, and the Universe has responded in kind. You're presented with opportunities to reduce your debt, including new avenues of income and inner guidance about reducing nonessential

Dietary Change

*Improve your diet and your
life will also improve.*

You drew this card because of your requests for help with your life's purpose and in awakening your spiritual gift of clairvoyance. The fairies say that your body's metabolism is extremely sensitive. They've been guiding you to switch to a healthier diet, but you may not have heard or trusted

this message. So the fairies now bring you this card to validate that you're hearing them correctly. As you improve your diet, so do you heal other areas of your life.

Additional meanings for this card:

Consult with a nutritionist • Go on a detox cleanse • Stop drinking alcohol or using other drugs • Reduce or eliminate chemicals and processed foods from your diet • Eat a more vegetarian diet • Quit smoking • Stay away from household or industrial chemicals

Do Some Research

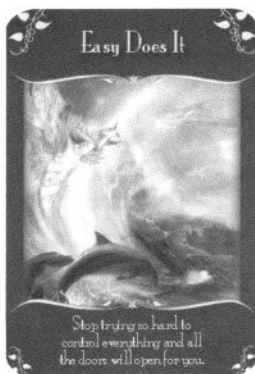

You need more information about this situation. Look into it further before proceeding.

This card indicates that you're trying to make a decision without a full understanding of the situation. Spend some time doing research, including asking the Universe and other people for information. Follow any leads (such as intuitive feelings, signs, or

someone saying something that “clicks” as the truth), and you’ll receive the facts that you need. As you get this information, you may alter your original plans. Don’t worry—this is a positive change that will garner you more blessings in the long run.

Additional meanings for this card:
Read, study, or take a class • Trust in the synchronicities that occur • Interview an expert • Ask someone to mentor you in a new profession • If your gut tells you no, trust this instinct

Easy Does It

*Stop trying so hard to control everything
and all the doors will open for you.*

Just as the dolphin rides the waves with joy and ease, so will the waves of your life carry you if you'll just relax and let everything flow. You drew this card because you've been trying to force something to happen, and the underlying fear has created blocks and barriers for you. Take some time

to go outside in nature to help you relax. Let go of the situation, and watch how quickly everything you desire occurs.

Additional meanings for this card:

Relax and have faith • Go play • Connect with the dolphins • Take a sea-salt bath • Go for a swim • Get out of your own way

Emotional Healing

*As your heart heals of old emotional pain,
you receive new blessings and love.*

This card signifies that you're healing some old emotional pain—the first thing that comes to mind is exactly the issue you're resolving. As you let go of anger, guilt, or other emotional wounds, you awaken a new level of power within yourself that attracts everything you desire . . .

and more. Call upon the fairies, as well as supportive people or professionals, to help you through this time of healing. Know that you're lovable and that you deserve a happy heart.

Additional meanings for this card:

The situation you're asking about has an emotional basis • Physical healing occurs as a result of emotional healing • You're preparing for a new love by healing old hurt from a previous partnership • Consult with a professional counselor or join a support group • Journal about your feelings • This situation is bringing about tremendous personal growth

Everything's Okay

*Don't worry. It's all working
out in a beautiful way.*

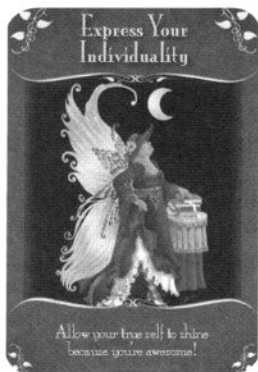

The fairies know that you're concerned about the outcome of this situation, so they've sent this card to you as reassurance that everything's working out in a divinely perfect way. Take steps to uplift your outlook and unburden your heart and mind, such as taking a nature walk, spending time with

loved ones, exercising, or enjoying a creative project. The more you can stay centered and filled with faith, the better the outcome you'll experience.

Additional meanings for this card:

Write down your concerns on paper and then ceremoniously dispose of the list by burning it, pouring water over it, or burying it • Talk to the people involved in order to double-check your facts—your worries may be based upon untrue assumptions • Make sure that you're getting enough rest and eating healthfully, as physical strain can lead to anxiety and exhaustion

Express Your Individuality

*Allow your true self to shine
because you're awesome!*

You drew this card because you worry about social acceptance. The fairies want to celebrate your uniqueness, since to them you're delightful and perfect just as you are right now. The fairies love your creativity, and they urge you to just be yourself. Don't

squelch your true self in order to gain others' approval. Pretending doesn't work anyway, and you can't please everyone. Instead, enjoy being authentic and trust that like-minded people will be attracted to you.

Additional meanings for this card:
Dress in a way that makes you happy • Trust and follow through with your creative ideas and visions • Speak your truth • Join the Red Hat Society, an international social group for fun-loving women over 50 • Express your creativity through an artistic project or new business idea

Flower Power

Spend time with flowers and flower essences to increase your personal healing power.

This card signifies that you'll benefit from the balancing and healing properties of flowers. Spend time in a garden or even at a florist's shop, and surround your home with fresh flowers. As you breathe in the fragrances, feel their magical healing abilities bathing every cell of your body. The fairies

also suggest that you buy a bottle or two of pure flower essences, which are available at most health-food stores. Use rose oil to open your heart to love, for instance, or sprinkle lavender oil on your pillows and sheets to calm your nerves.

Additional meanings for this card:

Use flower essences in your healing work with others • Study aromatherapy • Make sachets or dried-lavender eye pillows • Plant a flower garden • Send a loved one some flowers

Get Some Exercise

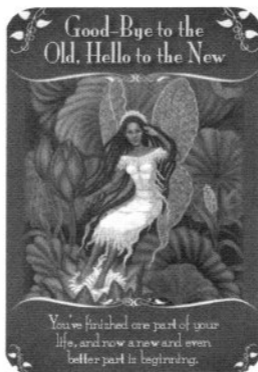

*As your body becomes stronger, you
begin to feel stronger in all ways.*

The fairies know the importance of physical activity—they play, dance, and run around daily to keep themselves in good physical shape. Moreover, they know that exercise is the secret to lasting energy, health, and happiness. It's a wonderful stress reducer that can improve every area of your

life, including your career, finances, and relationships. You drew this card because your body is crying out for cardiovascular or muscular stimulation. If you ask the fairies, they'll help you find the time and motivation to exercise in fun ways.

Additional meanings for this card: Do something physical today • Take a cue from the fairies and take dance lessons • Exercise outdoors in nature to benefit from the fresh air and sunshine (as well as increasing your connection to the fairies!) • Do yoga, tai chi, or other Eastern exercise techniques • Exercise with your children or other loved ones • Join a sports team to meet new friends • Say positive affirmations to, and about, your body

Good-Bye to the Old, Hello to the New

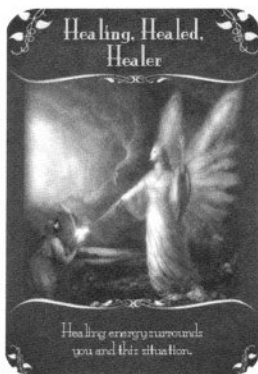

*You've finished one part of your life, and now
a new and even better part is beginning.*

This card indicates that a chapter in your life is closing; perhaps you've been feeling a sense of loss or anxiety about the future. This card reassures you that your present situation is teaching you many valuable and important life lessons. You're now taking that wisdom and beginning a journey with

new people, work, and situations. Be open to this change, as it brings many blessings for everyone involved. Your future is taken care of.

Additional meanings for this card:
You may be moving to a new home • A job promotion is upcoming • A relationship is ending • A transition is noticeable • Let go of unhealthful old patterns • Make time to work on healing your past hurts

Healing, Healed, Healer

*Healing energy surrounds you
and this situation.*

The situation you've inquired about is healing. Your prayers have been heard and are being answered at this very moment. You have healing abilities that you can use for the benefit of this situation, as well as to help other people heal.

Additional meanings for this card:
Your life purpose involves healing • You,
or the person you're inquiring about, are
experiencing healing • Know that the
situation is already healed in spiritual truth
• Take courses or read about healing • Work
at or open a healing center

Holiday

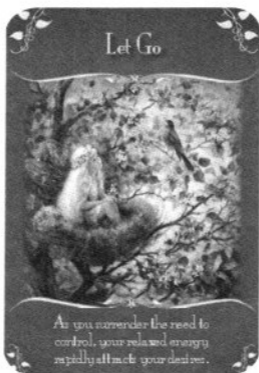

The answer you're looking for can be found during a vacation, retreat, or holiday getaway.

The fairies know the importance of play and rest; and they're urging you, through this card, to take some time off. This vacation performs an important role in your life by giving you an opportunity to clear your mind and think about your next move. You'll learn a great deal from

this holiday, so it's worth the investment of time and money.

Additional meanings for this card: A family get-together will result in a significant healing • Take a class held in an exotic location • Visit one of the earth's power places • Your prayer will be answered during the holiday season (such as Christmas, Hanukah, or Easter) • Give any stress or worries about a holiday to Heaven and the fairies • Ask the fairies for help in arranging (and paying for) a vacation for yourself and your loved ones • Go on a retreat

Let Go

As you surrender the need to control, your relaxed energy rapidly attracts your desires.

The fairies and the entire Universe understand your desires and needs, and they've been trying to bring them to you. You can help your prayers be answered by letting go of the need to control the details or know the future outcome of this situation. The more you can relax and

trust, the faster everything will resolve in a positive fashion.

The Universe's plans and standards for you exceed your own, so it's best to lean upon this Divine wisdom and allow it to unfold in a perfect way. If you need to, experiment with letting go—you can always take back control; however, the fairies are sure that you'll like the results of releasing and will adopt it as a healthy new lifestyle.

Additional meanings for this card:

You have nothing to worry about, as everything is working out for the best • *Maintain* a positive outlook to *attract* a positive outcome • Attend 12-step meetings (such as Alcoholics Anonymous) to get help with an addiction • Spend time outdoors to reconnect with God • Have faith • When learning a new skill, trust your body's innate abilities • Instead of overanalyzing a situation, listen to your heart

Love Life

*The basis of your question
involves your romantic life, which
is now changing for the better.*

You've drawn this card because your love life is somehow involved in the question that you've asked, and the fairies can help you understand this connection if it's not immediately apparent to you. This

card signifies that a change for the better is in the works for your love life.

Additional meanings for this card:

Love your life as a way to bring healing energy to this situation • A new love proves to be an important person in your life • You're ready to meet your soul mate • A breakup is imminent or has just occurred • You'd like to get married • Communicate with your partner about a topic that's bothering you right now • Ask the fairies to help you connect with your soul mate

Marriage

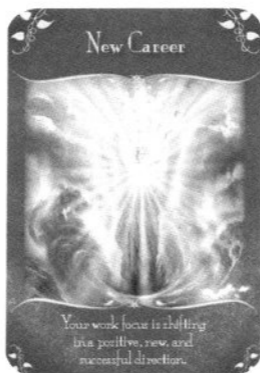

*The fairies join you in
celebrating wedded bliss.*

You drew this card because your question involves marriage. This particular card holds variable meanings, so pay attention to your body's reactions as you read the possible interpretations.

Additional meanings for this card:
Congratulations—you're getting married

soon • Your marriage needs some healing and attention, which the fairies can help you with if you'll ask • You'll soon meet someone significant at a wedding • A relationship commitment is pending • Admit your true feelings to yourself regarding marriage • Someone close to you is getting married soon • Your life purpose involves helping people with romance, matchmaking, relationships, or weddings

New Career

*Your work focus is shifting in a positive,
new, and successful direction.*

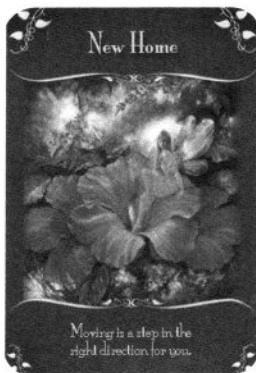

The fairies sent this card in answer to your dreams and prayers about your career. The Universe is responding to your spoken and silent desires to have a fulfilling and meaningful profession. This is a reminder to keep your thoughts positive and continue taking guided action steps, such as getting

additional education, networking with people in the industry you'd like to work in, updating and sending out your résumé or marketing materials, and engaging in creative pursuits. Daily action combined with prayer opens career doors for you!

Additional meanings for this card:

Your business idea will be successful • Trust and follow your intuition about your career • Return to school or take classes to learn a new skill • Your financial situation is improving • You'll receive a promotion or a raise in salary • Heal an issue at your workplace so that you can move forward with your profession and your life

New Home

Moving is a step in the right direction for you.

The fairies are so attuned to the earth's heartbeat that they can detect changes far before we're aware of them. This card comes to you because the fairies foresee you moving to a new location with positive results. If you ask for their assistance, the fairies can help with this change, including letting go of your present home, releasing

financial worries, and finding a wonderful new place.

Additional meanings for this card:

Take steps to move, such as contacting a real-estate agent • A positive change in your finances allows you to afford a better home • Someone is moving in or out of your home • A relationship change heralds a move • Healing is occurring within your home • Consider a career helping others with their homes, such as feng shui, mural painting, landscaping, or house-sitting

Patience, Please

What you're asking for is coming about. Have patience, as there are unseen factors that need to occur first.

The fairies manifest desires instantly. Whatever they think about occurs immediately, so they understand why you may feel impatient when your prayers aren't answered right away. This card is reassuring you that your desires are being worked on

behind the scenes. Although you may not perceive those results at present, trust that things are moving in the right direction. You'll soon see and experience your desired outcome.

Additional meanings for this card:
Heaven has heard you and is working on your prayers • What you're asking for is nearly at hand • You'll receive the money you need • Keep the faith, stay positive, and continue affirming and praying • Your relationship with your soul mate will soon manifest • Wait before making a move on the topic you're asking about

Perfect Timing

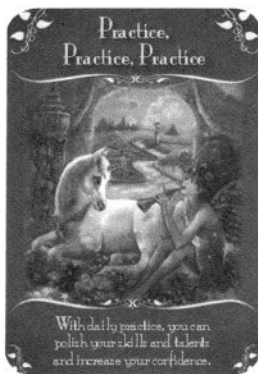

This is the right time for you to move forward.

If you're wondering when your desire will be fulfilled or when is the best moment to make a change, the answer is *now*. The universal energies have aligned perfectly and have opened a gateway for you to easily step through. This is one of those times in life when you're on a roll and everything you touch turns to gold—take advantage of

the divine timing and make your move. Any additional preparation at this point would be akin to procrastination. Take one step at a time and move forward today!

Additional meanings for this card:
Your positive thoughts and affirmations are working, so please keep them up • Stop procrastinating and take action • Make a clear decision • Trust your inner sense of timing about this project • Keep the faith, as your prayers are on the brink of being realized • Take advantage of your spare time and use it to achieve your goals

Practice, Practice, Practice

With daily practice, you can polish your skills and talents and increase your confidence.

The fairies love to play musical instruments; and they know that consistent practice increases their enjoyment, confidence, and competency. In the same vein, you drew this card because you've asked how to accomplish something. The answer is for you to invest time practicing

and working on your goal daily. Even a few minutes will add up to big progress—for example, writing one page a day will lead to a complete book by the end of the year. Push yourself to practice, beginning today!

Additional meanings for this card:

Take up a new hobby or skill • Join a class to learn something new • Open a private practice conducting healings or other one-on-one work • Take private lessons to polish your skills • It's time to showcase your talents publicly • Take active steps toward your goal in order to realize your dreams

Pregnancy

The birth of a child brings great blessings to you and the world.

This card indicates that you or someone close to you is presently (or will very soon be) expecting a child. The fairies celebrate the birth of this precious new baby upon the earth, as this child is an angel of great joy and light and brings many positive changes into your life. This card could also

indicate the impending successful adoption of a child.

Additional meanings for this card:

A significant birthday is imminent, and the fairies are helping celebrate the day

- Watch for the successful birth of a new project
- A baby who is important in your life was recently born
- This card can also relate to a pet's birth or pregnancy
- You're healing from a painful experience related to a pregnancy
- You're ready for a big change in your life

Son

*Your son is watched over and protected
as he explores his world.*

Your question involves your son or a male who is like a son to you. Perhaps you've been worried about him or have felt a call to help him in some way. This card validates your intuitive feelings and asks you to take action in that direction. The fairies want you to know that your son is

safe, happy, and watched over. Give any worries to them so that healing can occur.

Additional meanings for this card:

You are pregnant with, or will adopt, a boy •
Your life purpose involves helping children
• A son in Heaven is letting you know that
he's happy and sends his love • Another
person's son needs your help right now •
You love caring for a male pet, who's like
a son to you • You may receive a message
from or about a parent (if you are male)

Spiritual Teacher

Your life purpose involves teaching others about healing and spirituality.

You drew this card because you've asked about your life purpose and career direction. This card indicates that you're a born teacher who gives advice and information to strangers, friends, and family members. Your natural counseling and teaching abilities will serve you well in a professional

way. You may start out on a part-time basis and build up to a full-time career. If you need additional skill training, your inner guidance will direct you. Ask the fairies to help you with this training (including paying for it!), and they'll open doors for you in many ways.

Additional meanings for this card:

Investigate a career as a counselor or psychologist • Write articles or books and submit them to publishers • A message about a spiritual teacher validates your intuition • Give a workshop • Start charging money for your counseling or healing sessions

Spring

*Your desires fully manifest as
the flowers begin to bloom.*

The answer to your question and prayers will occur during the springtime. Prior to that season, you'll benefit from the many blessings that your wishes have already attracted. Stay filled with faith and give any worries to the fairies because they can see behind the scenes and will

ensure that your desires and blessings are on their way.

Additional meanings for this card:

A pregnancy, birth, or adoption will take place • A project that you're starting will be successful • Work with flower essences • Plant a garden or spend time in one • Open yourself to new beginnings • Dive into a fresh start • Spring-cleaning your home or office will be rewarding

In this case, you'll fully realize your dreams in the summer.

Additional meanings for this card:
You're moving to a warmer location • Spend some time outdoors in the sunshine or with a full-spectrum light • Take a vacation, especially to a warm, sunny place

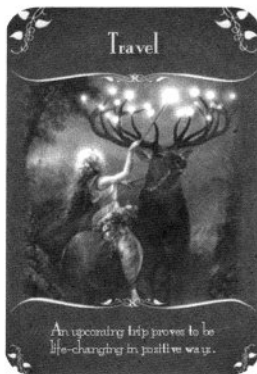

Summer

*Everything that you're asking for becomes
yours in the summertime.*

You've drawn this card because you wonder when your desires will manifest. This card represents the reassurance that your wishes have been heard, and divine timing is clearing the way for your answered prayers to come to you at the perfect time.

Travel

An upcoming trip proves to be life-changing in positive ways.

This card shows that you'll soon be traveling to an important destination where you'll learn and grow through new experiences and discoveries. Perhaps you'll visit a spiritual power place, such as Machu Picchu or Stonehenge; or you may go to a location where you'll meet a significant

person—or even find your new place of residence. Be open to your heart's inner stirrings about travel, and ask the fairies to help you with the finances and details. Most of all, enjoy yourself on your journeys!

Additional meanings for this card:

You'll be traveling in your new career • Your life purpose involves taking people on tours or holidays • Go camping or hiking • Revive your relationship with a loved one with a vacation • Take a retreat to renew your soul and spirit • Push yourself out of your comfort zone

Vegetarian

A new way of eating gives you more energy, greater health, clarity, and stronger manifestation abilities.

The fairies know that fresh garden food is the healthiest and most natural way to live. You're guided to follow the fairies' wisdom and eat lots of vegetables, fruits, legumes, and nuts . . . especially the organic

variety. This card validates your feelings to eat a more vegetarian, or even a vegan, diet. This shift in your eating patterns will yield positive changes such as clearer thinking, increased psychic abilities, and more energy. Ask the fairies to assist you with this change, and they'll gladly do so (including helping your own garden to yield a bumper crop of produce!).

Additional meanings for this card:
A health or behavioral concern is dietary related • Eliminate chemicals from your diet • Detoxify • Pray over your food prior to eating it • Do some research (such as reading, consulting a nutritionist, or taking a class) about balancing your diet with more vegetables and fruits • Transition to a raw-food diet • Encourage your children to eat more organic fresh fruits and vegetables

Walk Away

*Leave the unhealthy situation, and enjoy
the new doors that open as a result!*

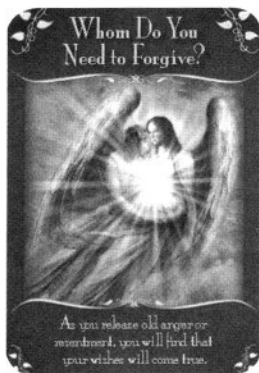

It's safe for you to make your desired change. You've been wanting to do so, but have hesitated out of fears about what the future holds and how people will react to your decision. This card validates that it really is time to leave—you'll be happier and healthier as a result. Ask the fairies to

smooth the path of your transition and lend the necessary support. The sooner you make this change, the sooner you'll experience the bliss that your future has in store for you!

Additional meanings for this card:

Be assertive and tell someone your true feelings • Make a commitment to yourself, and vow to keep it • Start planning now so that you're able to leave, such as calling a support group, updating your résumé, or squirreling money away • Go for healthful and vigorous walks

Whom Do You Need to Forgive?

As you release old anger or resentment, you will find that your wishes will come true.

This card indicates that your prayer will be answered as you release yourself from the inability to offer forgiveness. While you may feel justified in your anger, the truth is that your resentment is only hurting you—the rage you’re carrying is blocking your deepest desires. Go outside and ask

the fairies and spirit of nature to clear your mind, body, and emotions of lower energies. You'll benefit enormously by making the decision to detoxify yourself of old anger and resentment.

Additional meanings for this card:

Forgive yourself and be cleared of toxic guilt • Reduce judgmental thoughts about yourself or others • Send an apologetic note to someone • Stop identifying yourself as a victim, and see yourself as powerful • Focus on the present instead of the past

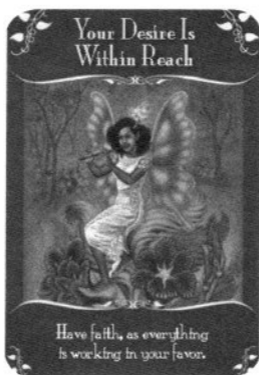

Winter

The answers to your prayers and affirmations are fully realized in the winter months.

Winter is a time of completion, and this card indicates that your desires are realized during these months. In the meantime, just as the animals and birds make plans for the season, continue working toward your goals by following your hunches and intuitive guidance.

Additional meanings for this card:
Take a rest • Connect with family members
and friends • Complete a project • Respect
your body's needs • Call on the fairies
to help in overcoming procrastination •
You're moving to a cooler location • Plan a
wintertime holiday or visit • Eat "cooling"
foods from an Ayurvedic standpoint

Your Desire Is Within Reach

*Have faith, as everything is
working in your favor.*

The fairies sent this card to assure you that your prayers have been heard and are being answered, for the Universe is working behind the scenes to help you. Although you may not yet see the results, they're almost visible. Just as a seed germinates below the surface prior to sprouting into

a plant, so are your desires evolving into reality. Have faith and trust that everything is working in your favor . . . because it is!

Additional meanings for this card:

Keep your thoughts positive to attract the most favorable outcome • Overcome procrastination • Give any fears or worries to Heaven • Ask for support and accept help as it's offered to you • Keep going with action steps, which will take you in the direction of your dreams • Believe in yourself

Your Wish Is Granted!

What you've asked for is coming true.

The fairies know how to magically manifest all of their material needs and desires, and they also assist people—like yourself—in making their dreams come true. This card represents that the fairies are very happy to grant your wish! They work in concert with all of the universal forces and energies, but you can also help your prayer

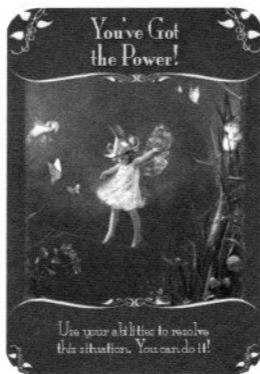

rapidly manifest by going with the flow in your own life. Stay as centered and peaceful as possible because negativity could block your desire. Go outside in nature often to keep your spirit soaring with the magical energies of joy and gratitude.

Additional meanings for this card:

A loved one is planning a surprise for you

- Your thoughts are manifesting into form very quickly, so be sure that your silent prayers and spoken words are aligned with your desires and not your fears
- Trust in the Universe
- Keep a sense of wonder and awe

You've Got the Power!

Use your abilities to resolve this situation. You can do it!

You drew this card as a reminder that you're more powerful than you realize. Perhaps you've been feeling victimized lately. Well, the fairies want you to know that regardless of your age, size, or education, you've got incredible personal power. Even though the fairies are tiny

beings, they channel the force of God and the Universe; and you can also use it to resolve an issue, heal yourself or another, or manifest your material needs. All you have to do is believe.

Additional meanings for this card:

Let go of blame, and focus upon solutions

- Conduct energy-healing work, especially through your hands
- Engage in strength-training exercises such as weight lifting
- Follow your inner guidance to resolve a situation
- Become an activist for an issue that's near and dear to your heart
- Speak your truth to yourself and others

Connect with Nature, Let Go, New Home, Son, Spring,
Summer, Your Wish Is Granted!,
You've Got the Power!*

Some say Mary Baxter St. Clair entered the world with a brush in her hand. Others remark that she paints with fairy dust. Born in St. Clair Shores, Michigan, into a large, creative family, Mary insists that "fairies and angels have been part of my life since I was small and have always been very real to me." She claims to borrow their magic in her craft, painting with such realism as to create a longing in the viewer to believe that her cherubs are real and have been caught unaware on her canvases. The artist believes that fantasy is necessary and helps us remain balanced in this all-too-real world.

Artwork by Kevin Roeckl

Card Names: *Children, Daughter, Flower Power*

Born in 1957, Kevin Roeckl's art education came from his father, an art collector and talented amateur artist. At age 18, Kevin landed a position with a graphic design firm in Southern California. But his unquenchable thirst for creativity soon led Roeckl into the world of fine art, and his one-man gallery shows proved to be very popular.

Sensitive and psychic, Kevin has made a lifelong search for spiritual wisdom. In 1983 he migrated to the remote coasts of the Pacific Northwest. There solitude and the dramatic natural beauty allowed full access to his inner vision. Through meditation, Kevin strives to let the Source of creativity flow through him and onto the paper.

In 1995 he was approached by a major giftware company to create artwork for two collector plate series. Roeckl images have been licensed for use on greeting cards, journals, jewelry boxes, votive candleholders, needlepoint kits, and other giftware.

After two decades of showing his original paintings in West Coast galleries, Roeckl now concentrates on private commissions. He specializes in photo-realistic portraiture that captures the soul and essence of the individual. Prints and notecards of Kevin's work are available on his Website. He welcomes inquiries about original paintings.
